# Lubricating Oils

Will be used very freely for the next 6 or 8 months so we wish? again to call the attention of all mill men and users of machinery to our TROPIC ELERICATING OILS. For years this brand has been used on these Islands and each season the demand has increased so that this year we have had to build a special oil warehouse at Kakaako to hold the hundreds of borrels of oils we have to carry in stock. Tropic Cylinder, Engine, Machène. Dynamo and Carbox Oils are the ones you want if you want every-

# Benton Boiler Compound

This compound is entirely vegetable, contains no oil or acid, it being a unboral preservative for iron or steel. It rots the scale in the boiler and gradually cleans same. After the boiler becomes clean, the Compound, if used according to directions, will keep the scale forming properties of the worder in the form of solution or pendent, and the boiler can be kept clean, and the scale forming properties of said water can be blown out in the form of mud. It is a great saver of fuel as it will clean and keep clean any boiler. Let us send you a barrel on trial, no pay if not satisfactory. Packings, Waste, Compounds, Engineers' tools and supplies of all kinds.
